Meet **Glazed.**

Recolor your expectations
of building with brick.

Discover the possibilities
at glengery.com

+ Unlock the potential of a modernized palette.

To create the unmistakable look of Glazed brick, a glaze is applied to the outer surface of extruded clay and carefully fired, allowing an unlimited long-lasting color range and variation of textures from glass smooth to speckled and rough.

Taking texture and color to infinity.

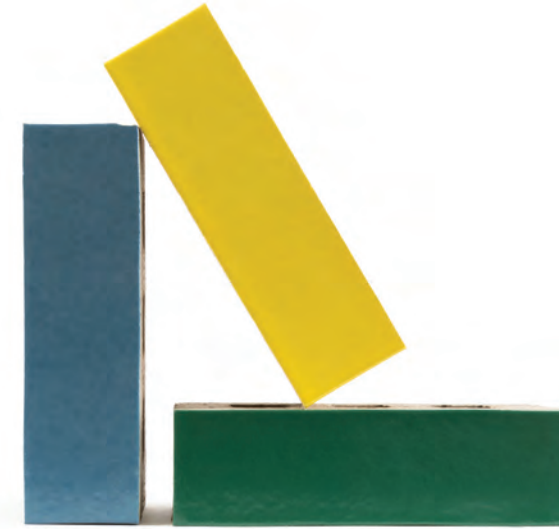

Beyond the conventional, Glazed brick surpasses standard brick offerings by extending what's possible with brick with truly innovative, ground-breaking color options.

BRICK PRODUCT

Product Overview

Glazed brick boasts compelling color offerings like you've never seen, outpacing the ordinary and taking brick to new heights. Its vitrified coating is long lasting, fade resistant, and impervious to liquids and gases, and its graffiti resistance makes it an ideal choice for institutional applications. The potential uses of Glazed are many, and the results are universally striking.
